

# PHEASANTDALE *Cattle Co.*

19th Annual  
BULL & FEMALE SALE  
at the ranch - Balcarres, SK

2023  
THURSDAY ~ MARCH 2

# Welcome

What a year 2022 and the start of 2023 is for our family here at Pheasantdale Cattle Company, with the quiet downsizing of our commercial herd, to the birth of CoraLee and Lee's daughter Hadley. While we know everyone faces a different environment & challenges in the beef industry, we all still strive to hit the same target.... working towards putting more profitable dollars on the bottom line. Here at Pheasantdale Cattle Company we put a lot of effort in building a program with a continued vision & solid foundation that our customers can rely on not only once but for years to come. We continue to develop an outstanding set of bulls with longevity in mind to go out and work for you, our customers.

A new year brings new and exciting genetics here at Pheasantdale, with the addition of our new walking herdsires Pheasantdale Bull 18H (Springcreek Blue Chip 9D) and Wheatland Bull 11H (Wheatland Killswitch) who is known here at PCC as Switchblade along with new AI sires such as Wheatland Affinity 8196F, GSC GCCO Dew North 102C, Mader Son of Anarchy 144H, LCDR Favor 149F, Sunny Valley Freedom 22F and Bailey's One of a Kind which we are excited to bring their first calf crops to our ring. These new sire groups have added style, bone, depth and overall capacity to our red, black and fullblood Simmental program and have by far blown us out of the water. We are pleased to offer red, black and fullblood future herdsires that have a cross section of calving ease and performance, which many are curve benders for both. We can ensure that these bulls are built for profitability and come from a program that fully stands behind their product.

Whether you live locally or traveled a long distance, we truly appreciate you taking time to attend and look forward to assisting you with your bull needs. Feel free to stop by the farm anytime as we are always available. Tell us about your program and we will help you make a choice that will work best for you. We proudly offer an exciting group of bulls that are truly sound, well-balanced and powerfully made while being backed by a hard-working cowherd.

We wish to thank all the buyers that purchased females from us this fall as your support in our program is overwhelming: Van Laar Heritage Farm of Lampman SK, LD Stock Farms of Neudorf SK, GR Simmentals of Stettler AB, Ted Elmy of Kelvington SK, Sunny Valley Simmentals of Hanley SK, Lake View Simmentals of Meacham SK, Colton Lazurko of Melville SK, Circle Lazy J Cattle of Saskatoon SK and Dakota Schutz of Duff SK.

We hope you join us Thursday March 2, 2023, for lunch, refreshments and an afternoon of socializing. Again, we would like to extend the sincerest Thank you to Erin Yewsiuk Photography for capturing the bulls in pictures and videos, our sister-in-law Jennifer Fisk for coming to help clip, torch bulls and video day help and to Mark Piller for coming to help us on picture days. If you are unable to attend sale day, the staff at Bohrsen Marketing Services are familiar with the sale offering and will be able to assist you with your selections. Once again, we are pleased to have the great staff at DLMS offer their expertise with online services. We wish you all the best for 2022!

## SALE OFFERING OF 86 LOTS

- 56 Yearling Bulls
- 24 Long Yearling Bulls
- 6 Open Heifers

*Welcome to the Pheasantdale Cattle Co. Bull & Female Sale. The 2023 sale lineup will showcase the deepest set of bulls offered by the Stilborn family. Year after year many of the feature bulls are the black brockle and red blaze face bulls. This group will be beat by the Lot 1 "Honky Tonk" bull that created great interest at Canadian Western Agribition.*

*The Pheasantdale program has a strong repeat customer base. The 2023 sale again has quality bulls available including a deep selection of 24 long yearling bulls that will cover more cows. The 6 purebred heifers always create lots of interest and will be a welcome addition to your program.*

*As 2023 rolls out, the cattle industry is well positioned and the need for top genetics is a must, as cattlemen endeavor to maximize ROI. The Pheasantdale program year after year continues to make your selection(s) more satisfying with an excellent group to pick from.*

*The Bohrsen Marketing team is very familiar with the Pheasantdale program and would enjoy the opportunity to discuss the March 2 sale cattle with you in a professional manner.*

***Bulls are Semen Tested...*** Scrotal measurements and current weight will be available sale day.  
***Delivery...***

Bull buyers taking bulls home on sale day will receive a \$75.00 discount on each bull

Bull staying at the farm following the sale must be insured.

Bulls will be delivered to central points in Saskatchewan, Manitoba & Alberta as soon as possible following the sale, at the seller's convenience and the buyer's risk.

Bulls left at the farm after April 20th will be charged \$3.00 per day and must be picked up by the purchaser.

***Sight Unseen Purchase Program***

If unable to attend sale day, come view bulls ahead of time, or talk to us or one of the sale consultant about the bulls you may be interested in. On sale day you can either leave an order with Bohrsen Marketing or be on the phone with one of them when the lots you are interested in are selling, or bid live with DLMS.

***Volume Discount***

- 3% discount on 3 bulls

- 4% discount on 4 bulls

- 5% discount on 5 or more bulls

Pheasantdale Cattle Co. retains the right to collect semen on any bull in sale for in herd use.

2022 Simmental Average EPD's							
Breed Average - Spring 2020 CSA Genetic Evaluation							
	CE	BW	WW	YW	MCE	Milk	MWW
Current	7.3	3.7	76	111.7	3.9	28.3	66.2
EPD on CURRENT POPULATION - all calves born in the last 2 years (2021 - 2022)							

***EPDs - Expected Progeny Differences...***

**How to use them:**

**CE** - Calving Ease - The likelihood of a sire's progeny requiring assistance when born. A higher EPD represents a higher likelihood of an unassisted calving.

**BW** - Birth Weight - Larger values indicate heavier birth weights, lower values indicate lighter birth weights.

**WW** - Weaning Weight - Higher weaning EPD predicts higher weaning weights.

**YW** - Yearling Weight - Higher yearling EPD indicates greater expected yearling weights.

**MCE** - Maternal Calving Ease - The larger EPD indicates a higher percentage of unassisted births for calves born out of this sire's daughter.

**MWW** - Maternal Weaning Weight - A larger EPD indicates greater weaning weights for the calves from daughters of this sire.

**MILK** - Maternal Milk - Larger numbers indicate more milking ability of a bull's daughter.

***Win a \$2000 Sale Credit***

Purchase a bull from any current Saskatchewan member, and when the registration papers are transferred, your name is entered to win a \$2000 sale credit! The draw will be made at the SSA's annual general meeting in July and the lucky winner will have one year to use the credit at any public auction or private sale on bulls or females purchased from any current SSA member.

***Terms & Conditions...***

**TERMS:** The terms of the sale are cash or cheque payable at par at the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

**PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**DELIVERY:** Delivery shall be at the seller's convenience. The animals shall be at the risk of the purchaser.

**ANNOUNCEMENTS:** Announcements from the auction block will take precedence over the printed matter in the catalogue.

**GUARANTEE:** Contributors to this sale hereby guarantee that subject to proper treatment, care and exercise, all bulls are warranted to be breeders. In the event of a bull proving to be a non-breeder after receiving proper care and attention, settlement is to be made under the rules and regulations governed by the respective breed association. At no time shall the liability exceed the purchase price of the bull.

**ACCIDENTS:** Although every precaution will be taken to ensure the comfort and safety of the buyers, neither Bohrsen Marketing Service or Pheasantdale Cattle Co. assume any responsibility in this matter and disclaim any liability legal or otherwise in the event of accident or loss of property.

**HOMO POLLED BY PARENTAGE.** We are thrilled to be offering Honky Tonk 8K to our bull customers as a sire that checks all the fundamental and desired boxes when looking at his power, being stout and very attractive all in one package. Honky Tonk is overwhelmingly wide as you analyze him from behind with his broad pin set, deep and very powerful lower quarter, big back and bold rib shape. With his robust structure, Honky Tonk still moves with ease and pulls you in with his attractive blaze faced herd bull skull, masculine crest and unprecedented phenotype. We believe Honky Tonk is the real deal with his breeding potential being endless as he will sire extremely high-quality offspring of both genders. Honky Tonk 8K's dam Springcreek Sue 81E is no stranger to our sale ring since her purchase in 2017 from the prestigious Friday Night Lights Simmental sale with having 2 prior sons sell in our annual bull sale, PTS 31G to our friends at K3 Ag and PTS 151H to the great folks at Hill 70 Quantock Ranch, and her only daughter being retained in our herd. We will be retaining semen on Honky Tonk at the new owner's convenience and the seller's expense.

- TWIN
- Another Bailey's One of a Kind son that is very well built
- Very long bodied with great depth and width throughout
- Dam is a foundation flush female that has produced outstanding offspring in our herd and in others, including our walking Herdsire Pheasantdale Freedom 92F (Westcott).

Here is one of the outstanding dark cherry red yearling bulls in this years offering. When we brought in the Bailey's One of A Kind genetics we did so with the thought that he would add power, dimension, bone, depth and width to his calves, Pheasantdale Bailey's 1 of a Kind 102K does that exactly. You have to admire this bull for his moderate frame score but packs a punch with his wide top, depth of body, functionality and sturdy foot. He's a bull that gets out in motion easily all while maintaining a very attractive package. He is a TWIN to Lot 4, Pheasantdale Bailey's 1 of a Kind 101K, and a maternal sibling to Pheasantdale Freedom 92F. He's a bull that has very good performance and milk EPD's for a yearling bull. His dam has produced 5 daughters that we have retained in herd, 2 daughters that have sold through our sale to Wilson Stock Farms and KT Ranches. **HOMO POLLED**

- Ranks in the top 1% for Weaning and Yearling Weight EPD's and above average in almost all other categories
- Maternal brother Pheasantdale 52H (MRL Sleep Easy son) currently resides at TL Farms, Stoney Beach SK
- **HOMO POLLED**

Pheasantdale Switchblade 95K is a bull that catches your eye when you walk into the pen as you can't pass up his herd bull presence within the group. He is a very flashy dark cherry red baldy bull with excellent depth of body and he is extremely fluid when in motion with a sturdy foot underneath him. His grandsire needs no introduction being the Great \$210,000 Wheatland Kill Switch. If you're looking for a bull that will add chrome to the dome on his progeny, this guy is the one for you. Switchblade 95K is a performance bull that will add a punch to his offspring of both genders. His dam Pheasantdale Lady 169F is a moderate framed female with a wide middle and a clean, tidy udder. He was one of 3 pen bulls we paraded this past fall at Yorkton Harvest Showdown and Canadian Western Agribition. **HOMO POLLED**

The second third of the dream team is Pheasantdale Switchblade 104K, a moderate framed dark cherry red bull. He is a bull that has a beautiful skull leading down into his neck and a smooth shoulder. You must appreciate this bull for the amount of muscling he carries throughout his skeleton and the sturdy foot underneath him. He is a bull that packs a punch being as wide as he is tall and he has the quiet disposition of a sloth. His dam is a dark cherry red female that is extremely broody, easy fleshing with very strong milking capabilities and comes from a long line of strong, functional and productive cow family. He currently ranks in the top 1% for weaning weight, top 3% for yearling weight and top 4% for maternal weaning weight. Switchblade 104K's maternal brother currently calls Mebs Ranch at Broadview SK home. **HOMO POLLED**

- Medium framed dark red bull
- Deep bodied with great spring of rib
- Excellent performance EPD's
- **HEIFER BULL**
- **HOMO POLLED**

Pheasantdale Epic 64K comes to you with a very flashy blaze face that tie nicely into a long neck and smooth shoulder. You must appreciate the capacity this bull brings with his powerful presence from head to rump. Epic 64K also comes with a great skeleton and sturdy foot underneath. He packs a punch with an excellent set of EPD's combined with a 94lb birth weight. His dam has had sold 2 sons through previous bull sales and 3 daughters that we have retained in our herd, proving longevity runs deep in this bull. He is **DOUBLE POLLED** and his grand dam is a 75% Fleckveih female.

Pheasantdale Dew North 92K is one of the flashiest black blaze faced bulls in this years sale offering. He is a bull that is full of style and grace. Don't let his moderate frame and wicked hair coat fool you, underneath it all is an absolute meat machine. He is a bull that instantly grabs your attention with his herd bull presence, bold spring of rib, smooth shoulder and cat like movement when he is in motion. He's the total package with a great set of above average EPD's. He is a bull that is very docile in his personality as he was shown at Yorkton Harvest Showdown 2022 as one of our black pen bulls. Genetically he is a RED CARRIER, meaning you might get a little red surprise during calving but as Maury Povich would say "You Are The Father!" He is the perfect **HEIFER BULL** candidate. **HOMO POLLED**

- Smaller framed IPU Bentley grandson
- Packs a punch with great depth from head to rump
- Hair coat that could rival Jon Bon Jovi in the 80's
- Top 20% calving ease, birth weight, weaning weight and yearling weight EPD
- Nice lower birthweight of 80lbs

Pheasantdale Anarchist 41K is one of the thickest, meatiest, soggiest bulls in the offering this year. He is the total package phenotypically when it comes to being clean fronted, having a bold spring of rib, wide topline and overall herd bull presence. He is an exciting new genetic opportunity here at Pheasantdale Cattle Company as we were lucky enough to invest in a new herdsire and being a son of the \$50,000 Mader Son of Anarchy 144H who sold from Mader Ranches in 2020 to Harviecrest Ranching. **HEIFER BULL** candidate with a nice low 80lb birth weight combined with being in the top 15% calving ease and top 15% for birth weight. He also has great performance being in the top 35% weaning weight and top 35% yearling weight. His momma is an absolute chunky monkey being a smaller framed female that is easy fleshing and a perfect udder. **HOMO POLLED, RED CARRIER.**

Pheasantdale Anarchist 13K is a fancy blaze faced Mader Son of Anarchy 144H son. He a bull that might be smaller in his frame score but within that frame is the ultimate package. He is fat cat smooth in his movement when he is in motion. Anarchist 13K has a more refined skeleton from his calving ease head, refined neck, narrow chest, smooth shoulder all the way to his thick meaty hind end. 13K ranks high on our list of being the perfect heifer bull for the commercial cattleman being in the top 5% in both birthweight and calving ease, with his actual BW being 70lbs. Pheasantdale Anarchist 13K is backed by a very powerful cow family. The females in his family are medium framed with a ton of depth, bold spring of rib and extreme capacity from head to tail. He is a bull that is very docile in his personality as he was shown at Yorkton Harvest Showdown 2022 as one of 3 our black pen bulls. If you're looking for a bull that is stacked genetically with female makers then this is the bull you want to pass by with outstanding names like LFE Sheila 82A, TLG Flirtin' with You and Hooks Shear Force in his background. **HEIFER BULL, HOMO BLACK, HOMO POLLED**

- Larger framed painted up bull
- Free moving and functional
- Good EPD's
- Dam is easy fleshing, broody female
- 4 Maternal siblings retained in our herd
- **HOMO POLLED, HOMO BLACK**

Pheasantdale Framework 165K is a larger framed, long bodied black bull with a small white star below his poll. He is a bull that is the total package for us, he is very wide bodied with a hair coat thicker than David Hasselhoff in the 80's. He is very much a performance based herd sire prospect being in the top 3% for weaning and yearling weights. He is a bull that is very docile in his personality as he was shown at Yorkton Harvest Showdown 2022 as one of 3 black pen bulls. Unfortunately the RF Framework 944G sire group is small as we lost him during Agribition 2020. Related to lot 25, through his sire making them 3/4 brothers. Maternal siblings currently reside with DW Maurer Farms at Lemberg, SK and Jody Flavel at Bulyea, SK. **HOMO POLLED, HOMO BLACK**

Pheasantdale Full Freedom 70K is one of 2 full blood bulls we have on offer this year. 70K is a double polled 100% Fleckveih son out of FGAF Barb 103E which we acquired from Ferme Gagnon in the fall of 2019. He is a bull that is long bodied, packs a punch in the depth department and comes with a good solid set of EPD's. His maternal sibling Pheasantdale Francine 7J sold to Lakeview Simmentals this past December at Transcon's 45th Annual Simmsational Sale. His dam, Barb 103E has the literal definition of the perfect udder being very well balanced with immaculate teat structure. **HEIFER BULL** with a 78lb birth weight. **DILUTER FREE**

DOUBLE BAR D MAESTRO 100S  
FGAF BARBS PAINT 315S

Pheasantdale Full Freedom 128K is a larger bodied dark cherry red 75% Fleckvieh bull. He is a double polled, double goggled bull that is longer than a freight train. He is a bull that is very strategic in his motion and movement. We feel that he is the perfect bull to go out with Red Angus cows to add chrome to his offspring, bringing a better return on investment come fall when his offspring heads to the auction mart. Full Freedom comes from a long line of good uddered females. His EPD's are something to be admired with being above average performance with his milk being in the top 5% of the breed and his carcass EPD's being well above average. His dam has raised 2 females that we have retained in our herd, and he is maternally related to lot 63. **DILUTER FREE**

 PHEASANTDALE KING 28K  
 PHEASANTDALE CALM 67K

Pheasantdale Wrangler 16K medium framed bull that has a very long body, and it all starts at his head. He is a bull that is very clean in his lines from his long neck, smooth shoulder, wide topline and big barrel. You absolutely must admire this bull for the presence that he brings with him all the way through his skeleton and structure down to the sturdy foot underneath him. He is a bull that is multi generations polled with well above average EPD's. He is 100% a **HEIFER BULL** candidate with his calving ease being in the top 3%, his actual birthweight of 78lbs and his maternal calving ease pedigree. He comes from a cow family that are very easy fleshing medium framed females with great udder structure and placement. **HEIFER BULL.**

- Larger framed, long bodied solid red bull
- Calving ease EPD is in the top 4% and he ranks in the top 10% in birthweight with the rest of his EPD's being extremely strong
- Grand dam is extremely deep bodied, easy fleshing and great uddered
- **HEIFER BULL, actual birthweight of 70lbs- HOMO POLLED**

Pheasantdale Freedom 271K is one of our favourite Pheasantdale Freedom 92F sons in this years sale offering. He is a bull that you really must admire for the length in his skeleton, the depth in his middle that carries down into his last third. He is quite the package to look at and is very attractive when on the move. He ranks high on our list for performance bulls in terms of ranking 1st out of our male offspring for weaning weight. His EPD's are just as impressive as he is by ranking top 5% weaning weight, top 4% in yearling weight, top 4% in maternal weaning weight, top 5% in carcass weight and top 3% in rib eye. You can bet on taking some big steers to the bank come fall. He is a full brother to last year's show bull Pheasantdale Gotti 146J who was purchased by Mark & Julie Herman at Rhein, SK and with other maternal sibling residing at Chernoff Farms and Double T Simmentals. His dam and full sister have picture perfect udders with excellent teat placement and size. **HOMO POLLED**

- Medium framed solid black IRCC DLC King George 905G son
- Great depth of body with tons of muscling
- Dam is a deep bodied black blaze faced female with a great udder
- **HOMO POLLED BY PEDIGREE, RED CARRIER**

Pheasantdale King George 218K is a bull that brings a lot to the table in terms of his medium framed skeleton. He packs a punch with the capacity through his middle and wide topline that carries nicely through to his last third. With a calving ease number of 13.7 and a birthweight number of 0.7 and an actual birthweight of 86lbs he's a great **HEIFER BULL** candidate. Bonus he ranks top 5% in both calving ease and birthweight for the entire breed. His dam comes from a long line of deep bodied females, that are extremely fleshy and have excellent milking capabilities. **HEIFER BULL, HOMO POLLED, RED CARRIER**

86	650	1186	13.7	0.1	72.8	106.1	25.6	8	62

Pheasantdale Eagle 46K is an extremely soggy Mader Eagle 509F son that ticks off a lot of boxes for us. Don't let his medium frame and luscious hair coat fool you, underneath his clothes is bull that is extremely wide in his barrel and topline, with a solid foot underneath and great bone structure. Eagle 46K brings a moderate birthweight to the table of 88lbs all while having performance based EPD's. We believe this bull will make all the replacement females you could ask for with a stacked pedigree like his on both sides of the border. His maternal sibling is a smaller framed easy fleshing female with an excellent disposition and a great udder. **HOMO POLLED, RED CARRIER.**

Pheasantdale Eagle 297K is coming at you like a Mack truck being as wide, deep, and soggy as he is tall. He is a bull that carries himself completely and is very attractive when on the move. He is a bull that we rank highly on list of keep bulls if we needed to as you can't go wrong with his gentle nature and sweet disposition. He is a bull that shows performance with his EPD's, being in the top 10% for weaning weight and rib eye area, top 2% for yearling weight and carcass weight. His dam comes from a long line of medium framed, large capacity females with great udders. **HOMO POLLED, RED CARRIER.**

Pheasantdale Cpt. Black 141K is a flashy solid black Pheasantdale Captain Black 58F bull. He is a bull that is larger in his skeleton, deep bodied, wide topped bull that carries excellent muscling through to his twist. He is a performance bull when you look at his EPD's. He is the perfect bull to use on Black Angus females resulting in big hipped, soggy steers come fall. His cow family is very deep bodied females with wide tops. Currently 2 maternal siblings reside in our herd. **HOMO POLLED, HOMO BLACK**

- **HEIFER BULL, POLL AND COAT COLOR TEST PENDING**

*We have bought bulls from Pheasantdale Cattle Company for the past 10 years. We're always able to pick out numerous bulls from the sale pen that we really like and have come home with 1-5 bulls every year. These bulls always have a good foot structure, maintain condition easily and they've added pounds to our red calf weaning weights. The bulls we have purchased have sired a strong set of females that are working well in our herd. We value performance and longevity in our herd sires and after 10 years Pheasantdale bulls have proven to meet both those criteria very well. We are honored to have received the 2022 Saskatchewan Simmental Commercial Producer of the Year award and the Pheasantdale genetics had a big part in this achievement. We truly appreciate the Stilborn family and their top notch hard working herd of cattle.*

*Trevor and Leanne Warken  
 TL Farms Inc.*

# TWO YEAR OLD BULLS

Here at Pheasantdale Cattle Company we run 2 calving programs: our winter program starts January 1st to roughly March 15th where we calve out 340 purebred momma cows. Our spring program starts May 15th to roughly July 1st where we calve out 100 purebred momma cows. The handful of February born bulls were not offered for sale last year as we intentionally held them over to be offered this year. Our spring calving cows calve on their own with zero help from us 2 miles north of the yard on pasture, where we check them twice daily, only to tag and weigh what has been born throughout the day. These bulls are grown on a high roughage diet throughout the first winter after weaning and turned back out on grass from May to October before returning to the yard where they are continued on a balanced TMR growing program. Our goal with our 2-year-olds and long yearling program is to be able to offer genetics that will work twice as hard for a faster return on your bull investment by allowing that more mature bull to cover more females or multiple calving seasons when you purchase him. The bulls are on a total herd health program, and given that the bulls are older, they have been given their IBR, BVD vaccine along with Ivomec before heading to grass last year.

Pheasantdale Blue Chip 267J is one of the longest bodied long yearlings in this years offering being stout and very attractive all in one package. Blue Chip 267J is overwhelmingly wide as you analyze him from behind with his broad pin set, deep and very powerful lower quarter, big back and bold rib shape. With his robust structure, 267J still moves with ease and pulls you in with his attractive herd bull skull and masculine crest that ties nicely into a smooth shoulder. Maternally he is related to Lot 10, with 2 maternal siblings selling through previous sales. **TRIPLE POLLED Jan 19, 2023 wt- 1755lbs**

Pheasantdale Edward 382J is a darker red Pheasantdale Freedom 92F son that is made pretty much like his sire. He is a long bodied bull that is soggy made with a smooth shoulder, he comes at you with extra depth and a bold spring of rib. You must admire the foot that comes with this bull and how structurally correct he is when in motion. He comes from a smaller framed cow family, but they are all sturdy & sound made females with great udders. **HOMO POLLED**

104			1.6	6.5	70.7	97.8	31.5	-2.2	66.9

- Black white faced bull
- Smooth shouldered that ties into a long body
- Great depth
- 50% Flechveih as dam is 100% Flechveih
- Strong potential for chrome when it runs deep on the top and bottom side genetically
- **HOMO POLLED, RED CARRIER**
- Jan 19, 2023 wt- 1600lbs

Pheasantdale Jake 374J is a very soggy made, super quiet, bomb proof bull that loves attention and butt scratches. He is very commanding in terms of his herd bull presence, from his attractive blaze face, excellent structure, length of spine and wide top he is the ultimate meat machine. His dam is very thick made, wide topped, extremely deep Westcott 24C female that is a full flush mate to our current walking herdsire Pheasantdale Freedom 92F. His grand dam is the dam to both lots 4 & 5. **HOMO POLLED BY PARENTAGE**

Pheasantdale Lady Epic 7K is one of those females that you never want to see leave your property but when want to offer some of your very best genetics to your loyal customer then this is the result. Lady Epic brings all the qualities we look for when purchasing a female for our own program. She is an extremely broody, deep female, with a very refined feminine head and comes with a ton of depth and capacity. If you are wanting a calving ease female Lady Epic 7K is the one for you with a calving ease number of 16.0 and birthweight number of -3.2 ranking her in the top 2% for CE and top 1% for BWT. Lady Epic's dam is an outstanding 1st calf heifer that is larger framed, deep bodied, wide topped female with a picture-perfect udder.

Pheasantdale Ms Dew 17K is a female that immediately grabs your attention when you walk into the pen with her beautiful feminine black blaze face. She is a female that is as wide as she is tall with a thick luscious hair coat that would make Farah Fawcett jealous. We feel that she would make an outstanding female for junior herdsman to parade. Her dam is a very flashy blaze faced female that is deep bodied with a wide top and a picture-perfect udder to boot. Grand and Great-Grand dam are both smaller framed easy fleshing cows. **MULTI GENERATIONS POLLED & BLACK.**
